## WHAT IS PROJECT BLUEPRINT (PBP)?

Project Blueprint is designed to assist United Way, our community partner agencies and other non-profit organizations become more inclusive and reflective of our diverse community. Upon completion of a series of informative classes, PBP graduates are made available for placement on local non-profit boards and committees.

## PROJECT GOALS

To prepare for our growing, culturally diverse society, PBP focuses on four clearly defined goals:

- To identify, recruit, inform, and place volunteers in leadership positions on boards and committees of local non-profit organizations.
- To create a network of talented and resourceful professionals to help facilitate the establishment of strong and lasting relationships that are personally and professionally beneficial.
- To increase awareness of how non-profit organizations function.
- To attract potential board members that traditional recruitment procedures may not reach.

## PROGRAM DESIGN

Informative sessions led by experienced instructors will help participants develop the tools necessary to be a successful board member.

Participants will also experience personal and professional growth through their volunteerism.

Agencies will benefit from the talent that PBP delivers.

## HOW CAN YOUR ORGANIZATION HELP?

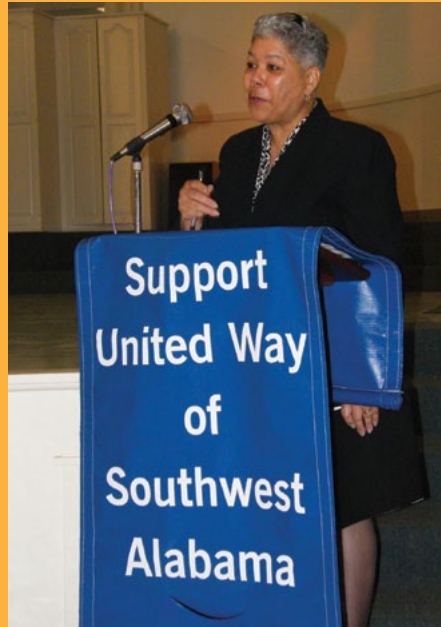

Identify and/or sponsor an individual to participate in PBP.

Spread the word.

For more information or to download a PBP application packet please visit [www.uwsa.org](http://www.uwsa.org)

For information about 2-1-1 visit [www.uwsa211.org](http://www.uwsa211.org)
